TRADE CONCRETE DIAMOND BLADE

The OX TC10 Trade Series Diamond Blade is a general purpose blade that is guaranteed to cut all concrete and unabrasive products including: curbs and slabs, concrete pavers, blocks, building products, and roof tiles. The OX Trade Series Diamond Blades allow users to get value for money without compromising on performance or safety. Not only are these the best blades available at this price level, they also offer the most comprehensive and clear choice. The OX TC10 blade is designed to work with angle grinders, circular saws, power saws and tile saws.

COMPATIBILITY

Designed to work with angle grinders, circular saws, power saws, and tile saws

TEMPERATURE

Cooling holes reduce blade temperature while cutting, preventing warping and extending blade life

FAST CUT

Fast cutting universal/general purpose blade - can do wet or dry cutting on a variety of materials

SEGMENT

3/8" Segment height for extended blade life
