HEAVY DUTY

6:1 CHALK REEL

OX
UNLEASH THE POWER

Built with the tradesman in mind, The Ox Pro chalk reel is designed for ease of use on long marking applications. The design has been job-site tested and can withstand the abuse that goes along the territory. A 6 to 1 gear drive means that this Ox chalk reel is 6 x faster to rewind than most chalk reels. The handle is reinforced to withstand drops and rugged rewinding. The handle has a push button stop mechanism to keep the string tight. The housing has rubber over mold for comfort and durability. Ox – live the trade!
